

ST. LUCIA ELECTRICITY SERVICES LTD.
VACANCY NOTICE

Craft Apprentice

Vacancies exist for three (3) Craft Apprentices to be based at LUCELEC's Vieux Fort Transmission & Distribution Office. Upon completion of the apprenticeship programme, the incumbents will be assigned to any one of the sections within the department and may be rotated from time to time to meet the company's needs as well as to help in their development.

Responsibilities:

- ❖ To function as linemen, handling trouble calls on a shift basis, or to carry out line maintenance/construction
- ❖ To function as telephone operators, on a shift basis, and manage trouble calls
- ❖ To investigate power quality complaints and damaged equipment and other claims made by customers.
- ❖ To investigate customer requests and prepare line designs and costings.

Qualifications:

Suitable candidates should have the following:

- ❖ Diploma/Associate Degree in Electrical Installation including CXC passes in Mathematics and English.

Interested persons should submit their applications in writing to

Mrs. Nicole DuBoulay
Human Resource Manager
LUCELEC
P. O. Box 230, Castries.
